**Beechavenue 97-115, Schiphol-Rijk**

### **Project description**

---

Total of approx. 1,330 sq m office space available, located on the 1<sup>st</sup> and 4<sup>th</sup> floor and the pent-house with rooftop terrace. The building is equipped with a modern, representative central entrance hall with seating areas and a coffee bar. The common areas have been recently renovated. The building has an outside parking area and a parking garage.

RichPort Park Schiphol-Rijk is an office park in a very well-kept environment with spacious water features and associated green areas. Three hotels are situated in the park, including the Radisson Blu, which offers several meeting facilities and a restaurant. The hotels have shuttle services to and from Schiphol Airport. Furthermore, CompaNanny is located nearby, which provides a nursery and day-care facility outside of school hours ([compananny.nl](http://compananny.nl)).

The park has a park management organisation. Characteristic of this organisation is the coordinated, joint use of several facilities on the business park. Services such as maintenance of public and private grounds, green areas, water features, and security are taken care of by the park management on behalf of the cooperation.

### **Location**

---

The business park is located at the foot of the exit of the A4/A44/A5 motorway towards Amsterdam, Haarlem, The Hague and Rotterdam on the N201. In addition, the location is easily accessible from the A9 and from Amstelveen. Schiphol Airport and Hoofddorp railway station are reachable within a few minutes by car and public transport.

Public transport to and from RichPort Park Schiphol-Rijk is provided by Connexion and R-Net. At the entrance of the park (Fokkerweg/Kruisweg intersection), a stone's throw from the offices, is "Knooppunt Schiphol Zuid" where a bus stops every 7 minutes during rush hour and every 15 minutes after rush hour, namely Connexion Cirkellijn 180/181 and R-Net bus line 340 and from where the entire Schiphol, Amsterdam and Hoofddorp region can be reached via (partly) autonomous bus lanes. Further information can be found on [vervoerregio.nl](http://vervoerregio.nl).
