Office space in Building SQM Offices at Beukenhorst Oost in Hoofddorp

Antareslaan 1 - 27, Hoofddorp

Project description

On the ground floor of the remarkable complex SQM Offices Hoofddorp a unique office space of approx. 603 sq m is available, equipped with its own exclusive entrance from the parking lot so an individual appearance can be created. The complex with a total surface area of approx. 8,800 sq m is situated on a prominent location in the office area of Beukenhorst Oost. It is recently renovated, modernized and made into an "all-in-house concept" where users can, among other things, have lunch, lounge, have meetings and workout.

In the central entrance hall between the two buildings there is a reception/lunch counter with seats and lounge area. From the central area the meeting centre is accessible on the ground floor, with 6 meeting rooms (varying in size with catering service) and on the ground floor, the gym, the lounge area and the business center are currently being realized.

The complex has a parking area and parking garage with a very spacious parking ratio and from the parking garage users have direct access to the offices through a keycard system.

Location

The accessibility is excellent with the exit of the A4 / A44 (Amsterdam - The Hague - Rotterdam) and the A5 within a few minutes by car. Schiphol Airport is reachable by car within 10 minutes. Right next to the building is the NS-railway station Hoofddorp and a stop of R-Net, a (mostly) free bus line with a fast bus connection between Haarlem via Schiphol to Amsterdam-Zuidoost (line 300) and between Nieuw-Vennep via Schiphol to Amsterdam Zuid WTC (line 310). Further information about travelling with R-Net can be found on connexxion.nl.

Parking

The corresponding parking spaces are located in the parking garage or on the front parking lot. The parking spaces are available on the basis of a parking standard of 1 parking space per approx. 40 sq m of rented office space. Visitors of the users can sign up at the front desk and park on the parking.

Surface area

Ground floor: **approx. 603 sq m** (unit 0.01b).

*For the other available spaces in the building (from approx. 325 sq m) a separate project information is available on request.
