Penthouse with roof terrace in Building Chicago at StarPark in Schiphol-Rijk

Boeingavenue 239, Schiphol-Rijk

Project description

Penthouse on the 4th floor of approx. 405 sq m office space with a roof terrace. The building of approx. 3,500 sq m in total is divided over five floors. The building is spacious, modern and bright. There is a meeting center on the ground floor and the four meeting rooms (including a room for approx. 24 people) can be booked and used by the building's tenants. If needed, the contemporary furniture can be taken over or be part of the lease agreement. In addition to the parking places on private ground, the tenant has access to parking places in the garage. The building has a total of 120 parking places.

Office park StarPark/RichPort Schiphol-Rijk is an office park in a well-kept environment with spacious water features and associated green areas. Three hotels are situated at the park, including the Radisson Blu, which includes several meeting facilities and a bar/restaurant. The hotels have shuttle busses from and to Schiphol Airport. Furthermore, CompaNanny is located nearby, which provides a nursery and day-care facility outside of school hours (compananny.nl). Office park RichPort has a park management organization. Characteristic of this organization is the coordinated, joint use of several facilities on the business park. Services such as maintenance of public and private grounds, green areas, water features, and security are taken care of by the park management on behalf of the cooperation.

Location

The office park is located close to the exit of the A4/A44/A5 motorway in the direction of Amsterdam, Haarlem, The Hague and Rotterdam on the N201. The location is also easily accessible from the A9 motorway and Amstelveen. Schiphol Airport and Hoofddorp train station are only a few minutes by car or public transport.

Public transport to and from RichPort Park Schiphol-Rijk is operated by Connexion and R-Net. At the entrance of the park (intersection Fokkerweg/Kruisweg), close to the offices, is "Schiphol Zuid junction" where a bus stops every 2 to 3 minutes during rush hour and every 10 minutes after rush hour, namely Connexion Circle line 180/181 and R-Net bus line 340 and from which the entire Schiphol region, Amsterdam and Hoofddorp can be reached via partially autonomous bus lanes. Further information can be found on connexion.nl.
